

**DRIVE
FOR
ACTION**

While the ARC of Brooklyn, New York is one of the oldest agencies serving the special needs of developmentally disabled adults in our communities it is also one of the most innovative. We want every individual and family in Brooklyn who needs our support in community outreach, socialization, and residential programs to learn how we assist in providing better quality of life to the individuals we serve.

We want everyone to know what we stand for:

- We Affirm** the right of developmentally disabled adults to reach their full potential.
- We Respect** their right to a fulfilling life without fear of discrimination or isolation.
- We Connect** them to the services they need in the communities where they live.

We have fourteen passenger vans that pick up our clients throughout Brooklyn and take them to all our programs. We want to turn those vans into rolling information centers. Each van will display the three words that **ARC** stands for: Affirm, Respect, Connect, our phone number, and our website.

And we're asking you to help us get our message of support and commitment out to the community.

You can support ARC and promote your own business by helping us fund the wraps that will carry the ARC's message and contact information throughout Brooklyn.

In recognition of your support we will place **your message on the entire rear surface of the van.** Your contribution will deliver the ARC's message and highlight your support for one full year. Each van will make hundreds of trips each year.

To learn more about Drive For Action please contact Gloria Depaolo, 718-531-7500 ext. 312

Example only. Your message here.

ARC provides a range of services to the individuals and families we serve in Brooklyn.

This is how we Affirm. Respect. Connect.

Day Habilitation Community Services:

Assist individuals with intellectual disabilities in daily living, employment, communication, and travel skills as well as socialization and personal health care.

Community Habilitation and Self-Directed Services:

Teach individuals to learn, maintain, and improve daily living skills through active participation in a variety of activities. Self-Directed Services allow individuals to exercise control and authority over their support program.

Medicaid Service Coordination:

Assist individuals with developmental disabilities and their families in getting the support and services that are appropriate to their needs.

Respite Services and Family Support:

Provides temporary relief for families of children or adults with intellectual disabilities.

Residential Services:

There are five residences in Brooklyn providing family-like living for individuals with intellectual disabilities. These homes are professionally staffed 24/7 and meet the specific needs of the individuals in each home.

Pre-Vocational and Supportive Employment Job Readiness Program:

Prepare individuals with intellectual disabilities and individuals within Autism Spectrum Disorders to reach their vocational potential through job training and support
